Prairie State College is offering a day long Fire & EMS Camp. This camp offers potential recruits the opportunity to explore their interest in the Fire and EMS profession. Students will be able to gain knowledge about the Fire Service, have the opportunity to experience real life skill building activities and network with professionals in the field and gain department sponsorship for upcoming Firefighter and EMT Academies. Activities will include a live burn demonstration, search and rescue stations, a smoke crawl, victim rescue, forcible entry, extrication demonstration, a medical helicopter exercise and hands-on EMS stations.

Why Attend:

- Opportunity to gain “real life” experiences in emergency and fire management situations
- Opportunity to network with fire service professionals
- Experience to add to your resume and college application
- Opportunity to learn the value of teamwork, concentration skills, discipline and responsibility

Return Signed Permission Slip to:
