

Heather Hill Elementary School Detention Basin Update — Sept. 10, 2024

Greetings, Heather Hill families:

The installation of the permanent fence around the detention basin began Monday and is currently in progress. Concurrently, the contractor will begin removing and replacing curbs and sidewalks at the site beginning Wednesday, Sept. 11. This concrete work is expected to be completed early next week. Note that both the fence installation and concrete work may be subject to weather delays. Please use the sidewalk on the west side of Lawrence Crescent until the concrete work is completed. Again, no construction activity will take place between the hours of 8-9 a.m. and 3-3:45 p.m. on school days, and Village staff will continue to assist at recess until the fence is completed. Thank you for your patience and understanding. Should you have any construction-related questions, please reach out to the Public Works Department at 708-957-4100, available Mondays–Fridays from 7 a.m.–3:30 p.m. The Village will continue to provide construction updates as they become available.
