

SECTION

30.0.0 Gas Appliances and Gas Piping

30.1.0 Installation Standards

The installation of all gas appliances and all gas piping in the Village shall comply with publication "NFPA No. 54" entitled "Installation of Gas Appliances and Gas Piping", copies of which are on file with the Village Clerk. All installations shall comply with the Electrical Code of the Village.

30.2.0 Liquid Petroleum Gas Tanks

Where liquid petroleum gas tanks are used, they shall not be exposed to view from the street and shall be installed in a manner acceptable to the Building Commissioner.

30.3.0 Permits (Ord. 688, 8/18/80)

Building Permits shall be required for the separate installation of any automatic gas space heater, gas water heater, or appliance using natural or artificial gas or liquid petroleum gas as fuel, which have not been included as part of a building for which a Building Permit has been issued. Permit applications shall be accompanied by a sketch showing the location of the heater and shall have a manufacturer's brochure attached giving all technical details of specification and installation.

30.4.0 Permit Fees (Ord. 688, 8/18/80)

Upon application for a Building Permit the applicant shall pay a fee as stated in Chapter 25, Section 25.205 of the Flossmoor Municipal Code for each residential appliance installed and a fee as stated in the same section for each commercial or industrial appliance installed. (FMC-307, 7/17/95)
